Our goal is that participants will experience the joy of the outdoors while building respect for the nature that our survival depends up on. Participants must be fit to live in the mountains without technologi-cal aids, to hike and backpacking, sleeping in tents, and cooperating on practical tasks in English. Program/activities: We will visit places explorers have used as training fields. All activities are outdoor, and all participants will receive further information about how to dress and what to bring to live outside for two weeks.
